Omicron Delta Kappa Pledges Nine Students To Membership

Three Staff Men Also Chosen

Nine students and three faculty members were pledged to Nu circle of Omicron Delta Kappa, national senior men's leadership society, Tuesday.

They are:
Walter Aton, engineering junior, is a member of Tau Beta Pi, engineering honorary, vice president of Triangle fraternity, and a member of the Kentucky Engineer staff.
Bill Moseley, a junior in education, is a football letterman and president of the K-club.
Darrell B. Hancock, arts and sciences junior, won the Phi Beta Kappa book award for the freshman with the highest standing, and is president of the Veterans club.

Bertel M. Sparks, law student, is a member of Phi Alpha Delta, professional legal society, a member of the Student Bar Association and the Law Journal staff.
Charles E. Whaley, arts and sciences junior, is the newly chosen Kentuckian managing editor, a member of SGA, SuKy, Keys, Lances, and the Student Union Board.

James A. Jordan, graduate student in education, holds four college letters in basketball and one in track. He made all-American in basketball at North Carolina university.

James A. Welch, agriculture junior, is president of the Agriculture council, and a member of SGA and Alpha Zeta, recognition society.
William T. Breathitt Jr., commerce, is manager of the track team and was a member of Pershing Rifles for two years. He holds a rifle team letter.
William A. Toombs, commerce junior, is a member of Beta Gamma Sigma, commerce honorary. He is on the WBKY staff and took second place in the state oratorical contest.

Faculty Members
The three faculty members chosen are University Vice President Leo M. Chamberlain, Dr. Thomas D. Clark, head of the history department, and "professor of the year," and Dr. Dewey G. Steele, professor of genetics.

ODK members are selected on a basis of outstanding work in five fields: scholastics, speech and debate; athletics, publications, and social activities. The society was founded in 1914 and has since established on the University campus in 1925. There are now about 10 active members. Ed Barnes is president.

Initiation will take place Thursday, May 29, at the First Presbyterian church. A banquet in honor of the new initiates will be held May 30 at the Lexington Country club.

Freshmen Honorary Taps 27

Twenty-seven men were tapped for membership in Phi Eta Sigma, freshman men's honorary scholastic fraternity, Charles Whaley, president, announced this week.

They are John Barnett, Lexington; Graydon D. Bell, Cynthia; Jim Cheery, Gravel Switch; Harold Fleener, Lexington; Thomas L. Graham, Bloomfield; Harold Holtzclaw, Morehead; Ernest N. King, Louisville; William Henry King, Vicksburg; John B. Kulper, Lexington; James R. Line, Akron, Ohio; Columbus Linton, Eubank; Paul MacCarter, Lexington; Stanley McElroy, Lexington; Carl C. McHargue, Corbin; James A. McLeod, Lexington; Benjamin F. Reeves, Bowling Green; Gerald L. Robinson, Winchester; Edward P. Rowdy, Winchester; Keith V. Slack, Louisville; Robert S. Smith, Hodgenville; Kenneth C. Toomey, Lexington; John B. Wells, Lexington; Kenneth Wells, Grays Branch; Wayne W. Wesley, Lexington; Jack R. Wilkinson Jr., Chattanooga, Tennessee; Allen F. Wilson, Lexington; and William M. Reuben Young, Waynesburg.

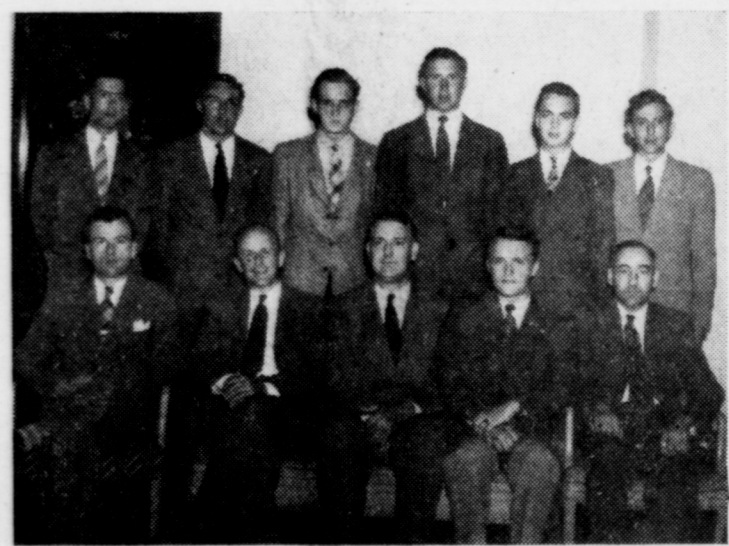

Requirements for membership in the society are a 3.0 standing for one quarter, a 2.7 average standing for two quarters, or a 2.5 average for three quarters. Initiation ceremonies and a banquet in honor of the new members will be held Tuesday night.

Doucumes Elected YMCA Secretary

Phil Doucumes was elected secretary of the state YMCA at a meeting held May 9 and 10 at Camp Daniel Boone.

Edward Bary, president of the organization on the campus last year and a now a ministerial student at Whittier (Ohio) Theological seminary, was the chief speaker at the conference. Bart N. Peak, executive secretary of the University YMCA, led discussions on the program of the campus YMCA.

Other students representing the University at the retreat were Russell Conrad, Mike Edgeworth, and Larry Myers. Colleges represented, other than UK, were Berea, Eastern State, and Kentucky State.

New ODK initiates are: seated left to right—Darrell Hancock, Vice President Leo M. Chamberlain, Dr. Thomas Clark, William Breathitt, Dr. D. G. Steele. Standing, left to right—Bertel Sparks, Bill Moseley, Walter Aton, Jim Jordan, Charles Whaley, and James Welch. William Toombs was not present.

Jean Kessler To Appear In Recital

The University music department will present Jean Kessler, soprano, and Joseph Young, pianist, in a recital Sunday, May 25, at 4 p.m. in Memorial hall.

Miss Kessler, Shelbyville, is a member of Phi Beta, women's professional fine arts fraternity; a member and soloist in the University women's glee club and University chorists. She appeared as soloist in the recent performance of the Brahms' Requiem given at the University.

Miss Martha Jane Stone, Lexington, will be accompanist for Miss Kessler.

Young, of St. Louis, Missouri, has been accompanist and soloist with the men's glee club, and professional accompanist for singers at the University, and in Indiana, Missouri, and California. He is a member of the University chorists, Phi Mu Alpha, men's professional music society, and president of Delta Tau Delta social fraternity.

Program
The program follows:
Aria di Polissena, from "Radamisto," Handel; Vedral, Carino, from "Don Giovanni," Mozart.

Allerseelen (All Soul's Day), Strauss; Liebesbriefchen (A Little Love Letter), Korngold; Vissi D'Arte, from "Tosca," Puccini.

Sonata op 31, No. 3, Beethoven. Gravesonates at Hancock, New Hampshire, Slonimsky; Who Keeps the Years, Charles.

Liedstod, from "Tristan and Isolde," Wagner.
Rhapsody in F sharp minor op. 11, No. 2, Dohnanyi; Rhapsodie op. 119, No. 4, Brahms.

Engineers To Attend Meeting In Louisville

The Kentucky section of the American Society of Civil Engineers will hold its annual joint meeting with the student chapters at UK and the University of Louisville on May 29 at the Seelbach hotel in Louisville.

Three students are being chosen to represent each school and prizes will be awarded to the winner of a speech contest.

Planes Available To Ex-Pilots

Colonel J. R. Ambrose will be at Blue Grass Airport, Saturday and Sunday with several planes. Ex-pilots in the Reserve Officers Corps will be able to get extra flying time. Approximately 300 will be permitted to take the air.

Lamp And Cross Selects 14 Men For Membership

Lamp and Cross, senior men's leadership society, has announced the selection of the following for membership: John Angelis, Versailles; George Freas, Salmans; Alex Veech, Finchville; John David, Louisville; George Antle, Lexington; Joe Young, St. Louis; Bob Babbage, Harlan; Ed Breathitt, Hopkinsville; Virgil Christian, Horse Cave; Jack Sorrelle, Burlington; B. L. Kessinger, Lexington; Clell Despain, Hodgenville; Frank Gilliam, Danville; Jim Jordan, Chester, W. Va.; and Tom Duncan, Louisville.

One of the oldest organizations on the campus, Lamp and Cross honors senior men outstanding in campus leadership activities.

Initiation for the new members will be held Monday, May 26 and there will be a banquet for members, alumni, and dates Tuesday, May 27, at the Lexington Country club.

SGA Chooses Committee Members

Assignments to standing committees, the election of three members of the judiciary committee from the student body-at-large, and the wearing-in of three assembly members took place at the regular SGA meeting Monday night.

Students elected to the Judiciary committee were Rosemary Dummit, James Brockenborough, and Robert Hardin. Sworn in as assembly members were Harry Cooper, Robert Manley, and Roberta Anderson.

Roger Thornton, chairman of the fund-raising campaign for Jim Shackelford, recently injured in an intra-mural boxing match, appeared before the body to ask for a donation from SGA. The question was referred to the budget committee for a report at the next meeting.

Claude Sprowles, SGA president, said that a request for a senior publication would be submitted to the Board of Trustees at their next meeting. He stressed the point that assembly members, when voting on any issue, should vote as representatives of the student body and should not be influenced by faculty or administration.

Committee chairmen appointed by President Sprowles were Bob Manley, finance; Helen Deiss, directory; Jerry Eastham and J. D. Caudill, freshman orientation; Jameson Jones, suggestions; Mary Keith Dosker, fire prevention; Jerry Eastham, charter applications; Martha Rich, social; Charles Whaley, public relations; J. Pelham Johnston, constitution revisions; Gene Amburgey, new constitution for Kentucky; Clell Despain, University expansion; James Welch, gubernatorial election; Betty Ree Rhoades, SGA functions; Mary Keith Dosker, program, and Jerry Eastham, national student organizations. Sprowles will serve as chairman of the planning, senior organizations, budget, and veterans' flight training committees.

Art Appreciation?

You have no doubt known practical jokes.

Monday morning some Union way turned the large student art exhibit painting upside down on its easel by the Union checker, Checker J. A. May kept count and here is the box score:

Of 106 people who passed during the hour:
Unnoticed or no concern.....75
Doubtful look.....15
Noticed and remarked on upside down painting.....16

Assemblies Have Approved

In pursuance with the requirements stated in the present constitution for its revision, the Kentucky

Semester System To Be Resumed By Fall Of 1948

Trustees of the University yesterday morning approved the recommendation of President H. L. Donovan that the University return to the semester system.

If necessary adjustments can be made in schedules the change will become effective with the opening of the 1948 summer school, according to Dr. Donovan. The semester system definitely will be resumed by fall of 1948 and will include two and one half semesters each year. Summer sessions will consist of eight six-day weeks.

"The feeling exists among educators throughout the nation that the time has come to discontinue the accelerated program so necessary during the war," President Donovan said. "Many colleges and universities already have made plans to return to the pre-war basis. It was discussed by the Council on Public Higher Education for Kentucky at a recent meeting and college representatives present decided to make this recommendation."

Gifts Accepted
The following gifts were accepted by the executive committee of the Board of Trustees:

Proctor and Gamble Company, Cincinnati, \$2,000 to be used to advance a project being carried on in the Experiment station on supplemented cotton seed hulls as a roughage for sheep and beef cattle; National Geographic Society, maps and indices prepared by the organization's cartographic department in recognition of "the significant contribution being made in teaching and research in the field of geography"; Middle West Soil Improvement Committee, \$300 to assist in carrying on experiments with fertilizers.

Approval was given to the establishment of scholarships, representing the registration fee of the University, for 10 students preparing

for government service. The University of Kentucky, University of Alabama, and University of Tennessee have been cooperating with the TVA in its Southern regional training program in public administration. Graduate students holding TVA scholarships spend one quarter at each institution, studying public administration. Dr. Donovan pointed out that at the time the program was initiated, the cooperating universities agreed to furnish scholarships equivalent to the fees the students otherwise would have to pay.

Present for the board meeting were T. H. Cutler, Frankfort; John C. Everett, Maysville; H. D. Palmer, Frankfort; R. P. Hobson, Louisville; Richard C. Stoll, Lexington; Frank D. Peterson, secretary-treasurer; and President Donovan.

Staff Changes
Members of the executive committee of the board approved a number of appointments and other staff changes. They were as follows:

College of Arts and Sciences—Appointments: Frank A. Pattie, professor of psychology and head of the Department of Psychology; Ben W. Black, instructor in English; James A. Watson Jr., instructor in chemistry; Carl B. Cone, assistant professor of history, succeeding Dr. William E. Church, resigned; Roland E. Keyerott, associate professor of physics; Dord E. Flitz, assistant professor of art; Mildred Lewis, acting head of the Department of Music for the first term of the summer school, and Robert Kuhlman, acting head of the Department of Music for the second term of the summer school.

Leaves of Absence: Mrs. Alberta Wilson Server, associate professor of romance languages, granted sabbatical leave for the academic year 1947-48 for the purpose of study in (Continued on Page Four)

Constitutional Group To Elect Officers

By Frederick Nichols

With interested students completing organizational meetings in recent weeks, the University branch of the Campaign for a Kentucky Constitutional Convention is preparing this week to elect committee officers and lay the groundwork for intensive efforts on the campus in favor of Kentucky's voting in next November's election to call for a complete revision of the present state constitution.

With its nucleus composed of Ned Breathitt, Vincent Spagnuolo, Pelham Johnson, Milt Kafoglis, Davis Lowry, Howard Bowles and Hoge Hockensmith the campus committee has been integrating its drive this month with the inclusion of new members on its active staff and the placing of posters on bulletin boards over the campus.

The committee, activated last fall and already having sponsored a campaign of lectures and speeches in this area, is now preparing to inform more fully the student body of the issues involved in the question, "Are you in favor of calling a constitutional convention?" or which the state electorate will vote in next fall's general election.

Many campus organizations will be represented on the committee, with the Student Government Association in direct charge of those activities pertaining to the University, and the Veterans club handling the inter-college drive through its connections with the Kentucky Association of Students' Veterans Clubs.

Assemblies Have Approved
In pursuance with the requirements stated in the present constitution for its revision, the Kentucky

general assembly voted by overwhelming majorities in the 1944 and 1946 legislative sessions to allow the people to express their opinion concerning the necessity for such a revision.

It is the aim of the newly-formed committee to present to University students the valid reasons why the present state constitution, adopted in the horse-and-buggy days of 1892, should be set aside in favor of a document adapted to the needs of the twentieth century. The state committee for revision has indicated that the student organization can supply a vital link to the state-wide educational campaign by supplying the students on this campus with information on the issues involved, in the hope that the UK students will carry these arguments for a new constitution to their homes, newspapers, and civic leaders in every town and county in the state.

Points Given
In preparing its drive for the educating of the student body to the important factors concerning the revision of the constitution, the committee has set the following five points as being indicative of Kentucky's need for revision of the constitutional statutes:

1. Too many elected officers are presented to the voters on a confusing long ballot.
2. The present constitution is too difficult to amend. An endless amount of red tape awaits every proposed amendment to the 1892 document.

3. Competent officials cannot succeed themselves.
4. The state loses much money on its \$500,000 debt limitation.

5. Kentucky's national rank in education is 47th.

Pictured is the campus committee organized for promoting the revision of the Kentucky constitution. Seated, left to right: Bob Babbage, Interfraternity council; Vincent Spagnuolo, public relations chairman; Davis Lowry, Panhellenic council; Ned Breathitt, temporary chairman; Beth Bicknell, League of Women Voters; and Darrell Hancock, Veterans club. Standing are: Howard Bowles, Kentucky Association of Student Veterans clubs; Milt Kafoglis, speakers bureau chairman; Frederick Nichols, Kentucky Kernel; and John D. Whisman, Postwarrior.

John Hutson Will Speak To Alumni

John B. Hutson, New York City, former assistant secretary-general of the United Nations and a University graduate, will be the principal speaker at the annual banquet of the UK Alumni Association Thursday, June 5, it was announced by the campus alumni office.

The annual meeting and banquet of University alumni will be held in the Lafayette hotel. New officers of the association, selected by secret ballot earlier, will be installed formally during the meeting.

A native of Murray, Hutson received his formal education at UK where he was graduated in 1917 after specializing in farm management, later at the University of Wisconsin he received his master's degree in agricultural economics, and at Columbia university he was awarded a doctorate degree in economic theory and business cycles.

While completing his education, he became interested in agricultural extension work in Kentucky and subsequently held positions as farm economist in the Federal Office of Farm Management, assistant professor of agricultural economics at the University, and agricultural economist in the Bureau of Agricultural Economics.

He has served in administrative and research posts with more than a dozen different agencies and departments, including three years in

Cadet Colonel Is Blackford

William D. Blackford, Wilmore, a second-year law student, was named Cadet colonel of the University ROTC regiment, Col. G. T. MacKenzie, head of the military science department, announced Tuesday.

A former Army air forces second lieutenant, Blackford also headed the ROTC last year.
Other student officers of the regimental staff named were Cadet Lt. J. C. Chestnut, Somerset, executive officer; Cadet Major James Tucker, Louisville, adjutant; Cadet Captain Allen Watson, Princeton, intelligence officer; Cadet Capt. Randolph Simpson, Alabama, operations officer; and Cadet Capt. Thomas Maxedon, Lexington, supply officer.

Unreserved Kyians Made Available

A number of 1947 Kenuckians are being made available to students who did not reserve a copy last fall. The books will be sold next week on a first-come first-served basis. Charles R. Harris, yearbook business manager, announced yesterday.

These students will be placed on the mailing list after making payment of \$4.50 at the Kentuckian office any afternoon from May 28 to 30, Harris said.

Interfraternity Council Dance To Feature Johnny Bothwell

Johnny Bothwell and his orchestra will be the featured attraction at the Interfraternity council dance to be held tomorrow from 8 to 12 p.m. in the Bluegrass room of the Student Union building.

Tickets are \$2 stag or drag and will be on sale in the Student Union. Claire Hogan and Don Darcy will share the vocal honors with the Bothwell group.

Bothwell is regarded as one of the best to make the top in music in 1948, according to trade magazine reports. His alto-sax talent has made him one of the finest sax men in the business and his ability as a leader has drawn praise from many critics.

He has been associated with such greats as Benny Goodman, Tommy Dorsey, Gene Krupa, Woody Herman and Jimmy Dorsey and has made several recordings. His recordings of "I'll Remember April" and "My Old Flame" have sold over a half-million discs each.

JOHNNY BOTHWELL

Barker And Price Business Managers For Publications

Martha Yates, arts and sciences senior of Lexington, was named editor of The Kernel for the 1947 summer and fall quarters, and Helen Dorr, arts and sciences junior of Ashland, was named editor of the 1948 Kentuckian at a meeting of the Board of Student Publications Wednesday.

Other members of the summer school staff of The Kernel include Jack Sorrelle, arts and sciences junior of Burlington, managing editor, and Martha Evans, arts and sciences junior of Wilmore, news editor. Because Miss Yates will be graduated in December, another appointment will be made then, Pat Burnett, retiring editor of The Kernel, said.

George Barker, law freshman of Lexington, was appointed business manager of The Kernel, and Amy Price, arts and sciences junior of Ashland, was appointed acting business manager of the Kentuckian.

Another member of the new Kentuckian staff is Charles Whaley, arts and sciences junior of Williams-town, who was named managing editor. Associate editors will not be appointed until fall, Miss Dorr stated.

Requirements for the editorial positions are a 1.6 standing, reporting and make-up courses in the journalism department, and senior or junior classification.

Members of the board of Student Publications are Dr. Niel Plummer, head of the department of journalism; Frank D. Peterson, comptroller of the University; Tommy Gish, retiring editor of the Kentuckian; Jerry Eastham, SGA representative; and Miss Burnett.

Retiring members of the publications staffs are: Jim Wood, Kernel managing editor; Tom Duncan, Kernel news editor; Miss Dorr, Kentuckian managing editor; Tom Gregory, Kernel business manager; Charles Harris, Kentuckian business manager, Miss Burnett and Tommy Gish.

Phi Tau's Lose Fight Against Housemother

Legal proceedings in the injunction suit filed by the Phi Kappa Tau fraternity, 231 East Maxwell, to oust their housemother from the house premises remained this week in a state of suspended animation after Circuit Judge Chester D. Adams ruled Monday that the housemother, Mrs. J. T. Pride, was a tenant in her own house and could not be evicted by such a suit.

Agreement Is Oral
The Phi Tau's took a two-year lease on the house last summer and assumed possession at the beginning of the past fall quarter. At that time, Mrs. Pride was hired as housemother under the usual oral agreement that had no connection with the two-year lease.

At the close of the winter quarter in March, the fraternity gave notice of dismissal to Mrs. Pride, effective March 31. Efforts were made by the fraternity to assist Mrs. Pride to locate a suitable residence by that time, and when none was found, Mrs. Pride elected to remain in the house.

Rent Agreement Was Rejected
A bill for a month's rent of \$25 was presented to the former housemother at the first of last month on the assumption that she might remain through April. This agreement was rejected in its entirety, and Mrs. Pride stayed on.

Matters were brought to a focus last week when the Fraternity filed suit in circuit court to oust Mrs. Pride, charging that she "had failed to act in a satisfactory manner" as housemother and had not left the house when dismissed by the fraternity.

Wording Is Technical
In his opinion handed down Monday, Judge Adams threw the case out of his court on the basis that the fraternity had listed Mrs. Pride as "tenant" in her own house. He directed the Phi Taus, if they wished to list her as "tenant" rather than "housemother," to resort to forcible-detainer proceedings in a lower court to evict her from the house.

The situation stands at approximately that position now. A conference between University officials and fraternity officers was held Tuesday in an effort to work out a solution to the existing conditions. Nothing had been announced yesterday. The counsel for the fraternity stated Monday, however, that the case would be appealed.

Our Obligation To The Future

As commencement time approaches once again and the class of '47 prepares to leave the University and to make its own way in the postwar world, a few thoughts appropriate to the occasion come to mind.

First of all, commencement reminds us once more that our campus problems and our campus training are not merely campuswide in scope. As we see University graduates taking their places in business and in the professions, we are made to realize anew that all that we do here affects our later lives and in turn the life of the non-college world.

Since it takes a fairly good education to be a leader in today's world, it naturally follows that the students in our colleges and universities today are the leaders of tomorrow. It is quite probable that the leadership of our state and nation in the next twenty to thirty years may be found in large measure in our colleges and universities today.

Because leadership is a critical responsibility and we college students of today are going to have to shoulder a great deal of the burden of leadership, it is imperative that we must realize the tremendous importance of the times in which we are living. Man is now confronted with a choice between two alternatives and only two—peace and survival or war and utter chaos. In large measure it will be the students of today who will help make that choice in the coming decades.

Since this is a transition era—a transition from the ways of war back to the ways of peace—the present time is more important than ever.

Not only our own education is of tremendous importance, but also we must realize that our children (the boys and girls of the 1950's and 1960's, must also be educated for peace. If it is important that we secure in our University today training for the ways of peace, think how much more important it will be that our sons and daughters get the same training in the years to come.

Now we come to the application of this to us here and now. That is, how can the University play its part in this program? The University owes it to the state to educate its citizens in the broadest possible way for the work they

are to do when they leave its campus. But its responsibility does not end there; it should teach its students not only to learn but also to think—especially, to think for themselves.

This thing of thinking for oneself is so important that when men cease to do it, it is almost inevitable that they become enslaved. Look what happened when the citizens of Germany and Italy stopped thinking for themselves. Of course, it is easy to let someone else do our own thinking for us, but it is disastrous.

We have but to go back to some of the great philosophers to prove the importance of thinking for ourselves. Francis Bacon, for one, pointed out the need for clear and accurate thinking, and he showed that any mastery of the world was dependent on careful understanding of the facts of the world—understanding such as can only be furthered through widespread and liberal education.

We, the students of the University owe it to ourselves, to our state, to our nation, and our world to learn and learn well while we have the opportunity. Further, when we leave the University we owe it to our children and their generation to see that they are given the same opportunity.

In order to be able to learn and to think for ourselves, an absolute essential is freedom of expression. We must have the right to speak and to write what we believe. When this right is denied there can be little or no true freedom.

If students are to undertake the task of using their education to the end of furthering their own future and that of their fellow citizens, they must be first of all well-informed.

It is the first duty of any student newspaper, and therefore of The Kernel, to see that the students are well informed. This should be the chief purpose of any well-intentioned campus paper.

Not only is the challenge to use our education a challenge to us directly. It is also a challenge to us to see that future generations are also educated in the ways of right and peace.

Now is the time for us to realize our tremendous responsibility to the future. If we do not use our education for advancement of ourselves and our state, nation and world, we may wake up one day to find that it is too late to do so.

Lights For Library

Let it not be said that The Kernel is laboring under any delusions that students are palpitating with an insatiable desire to spend uncounted hours in the library, but it would be a bit deaf if it did not give heed to a common campus gripe.

That gripe is, of all things, the lack of proper lighting in a certain building, namely the library, and the reserve reading room in particular.

Let it now be said that The Kernel will shed a little light on the subject through the necessities of reporting and of rhetoric may result in obfuscations (darkness). But if there is not a sufficiency of light in the library, let it also be added that The Kernel has at least tried to lighten, if not brighten, the subject.

As a selected number of students knows, these temporary fixtures have not been replaced, for, it seems, various, and good, and some satisfactory reasons.

The lights are admittedly inadequate upon even better evidence than that of squinting students. Tests have been run in the library from time to time. Unfortunately, from a reportorial point of view, the results of these tests cannot be spread here for public edification. Someone failed to lug the reports out of the burning building of the Department of Maintenance and Operations a year or so ago. Let's be brief—they were burned up.

After talking over the matter of lights with the Chief Engineer, The Kernel next turned to the Librarian. It may now be revealed that the

Librarian is aware that the lights are dim.

In fact, it seems that the Librarian realized this fact at some date before the first unheralded student set foot, or something, in the library.

High hopes are held by the Librarian and the library administration that better lights will be provided at such a time as they may become available.

Now to sum up the matter.

The students, at least certain students, want better lights in the library.

So does the Chief Engineer of the University.

So does the Librarian.

So does The Kernel.

And, if we may be whimsical about it, we may presume that those lights which someday may grace the reserve room, entertain similar feelings. Enlightening, what?

"A little learning is a dangerous thing." Perhaps a few more "Caution" signs on the University campus would help.

Professors are absolutely necessary to a University, but why do they have to spend so much time convincing their students of that fact?

The time when one is most conscious of being a co-ed: on entering the Dorm Grill at 10:30 p. m.

Some persons at the University stand up when drinking and others sit down. But those who stand up sit down a lot faster than those who sit down stand up.

"Haven't you any other trips? We were in the Army, you know"

The Spice Of Life

By Amy Price and Helen Dorr

This poem is dedicated to all June (and other) brides:

You who are about to marry:
Here's a word to guide your way.
All is not the mist and roses that will mark your wedding day.
Men are grouchy in the morning (often in the evening, too).
Men are prone to indigestion from foods that agree with you.
Men leave dirty towels and stockings on a dirty bathroom floor.
Men are apt to roar and grumble at the smallest household chore.
Men don't like to go to movies where a girl can have a cry.
Men object to too much salad, love the calories in a pie.
Men say women's hats are silly, then make eyes at gals in cute ones.
Men say brainy women bore them, then ignore you for astute ones.
Men think housework's automatic and there's really nothing to it.
Men implore you, "Take it easy," and upbraid you if you do it.
Men behave like fools at parties, eat like pigs and drink like fishes.
Men ask college chums to dinner and leave you to do the dishes.
Men . . . But what's the use of talking? Have you heard a word I said?

You who are about to marry . . .
GO AHEAD!!!!

—Shirley Shapiro Pugh

Congratulations to the fraternities for contributing \$1,260.57 of Jim Shackelford's \$1,749 doctor bill. Jim was hurt in an intramural wrestling match and since part of the bill is still unpaid, donations from any organization will be welcomed.

Why do all the Deltas smile when the number 716 is mentioned?

Jack Veech and Jimmy Thompson had girls up from Florida for the Phi Delt's sober dance last Friday. Parting of the ways: After being pinned for two years and engaged for a year, Jane Ellen Buchanan (Chi O) and Morris Beebe (PDT) have broken up.

The Kappa Sig got the shock of their lives when they found out that two of their members, who had had trombones laying around the house, really could play them. They proved it by playing a duet at the Kappa Sig formal.

The red face of the week belongs to Tom Youtsey (DTD). He was practicing his line on an innocent bystander when to his amazement he turned around and saw his steady girl friend Anne Shouse (DDD) standing behind him.

Squeaky Thomas and Georgia Portmann make a striking couple. They're together everywhere these days.

Mixups do happen. The other day a visiting ROTC officer came to speak to freshmen trainees. One of the freshmen was instructed to take the officer to the Bluegrass Room and he did, only he got the wrong Bluegrass Room. A few minutes after they arrived the officer inquired if that was where he was supposed to speak. Only then did the boy realize the mistake he had made.

Why is Andy Clark (DTD) saying "Never again." He's reformed.

FOREIGN JOBS

Vital, interesting positions with top American Firms in foreign countries are available to college trained men and women. These positions present an opportunity for an excellent future in many fields, technical and otherwise, with high remunerations. The "Foreign Research Register," a classified directory of over 300 outstanding American companies employing college graduates in foreign positions, is now available. Containing full information as to how and where to make contacts, it points the way to thousands of opportunities. Send for it now. One Dollar, in currency or money order.

Letter To Editor

Locked Doors

Editor, The Kentucky Kernel:

Open that door, Richard! This is the cry of the student who, rushing to class at almost any building on the campus, is confronted by locked doors. Of course, one out of every two doors of a building is always unlocked, but having to stop and guess as to which is the locked and which is the unlocked door is trying.

The tendency of a person is always to go through the door on the right, but with one locked all of the time this is impossible, which only serves to frustrate the already confused student.

Have you ever walked up to a building and, finding one door locked, stepped over to the other door, only to have it flung open and a half-dozen students rush out "Dagwood" style, leaving you wondering why you wanted to go into the building anyway?

Why design the building with two, three, or four doors if several of them are to stay locked all of the time? This is definitely a fire hazard. If a building were to catch on fire the hundreds of students in the building would have a hard time getting out through a narrow single doorway.

It could be that the person or persons who unlock these doors each morning find it easier to open one instead of two. But wouldn't it be better for one person to have the trouble of unlocking all the doors of the building rather than hundreds of students who pass through the doors during the day to have the inconvenience? Students must hurry across the campus and go up and down steps in the ten minutes between classes and they should not have the unnecessary inconvenience of having to wait in line to get into or out of the buildings.

So let's open the doors and eliminate some of the wear-and-tear upon the nerves of the students.

Anne Orr Taylor

SuKy Congratulated

Editor, Kentucky Kernel:

I enjoyed the May Day Parade so much that I feel it is only fitting to express congratulations to the SuKy Circle and the campus organizations participating.

It was the most effective May

• Bring your exposed rolls to us for prompt, careful developing and printing.

Day Parade I have seen in many years and showed the ingenuity and capabilities of the various students participating. Please permit me to congratulate them through the columns of the Kernel.

Sincerely,
Helen G. King

Teachers Busy?

Editor, Kentucky Kernel:

The educational system at the University is lacking. That is, on the faculty side, at least. The teachers on making an assignment, demand prompt attention to it and presentation. It makes no difference to them if the student is carrying 19 or 20 quarter hours. The student stays up half of the night preparing this lesson in order to get it in on time. He brings it in the next day and awaits the mark on it. When asked about the paper the teacher irritably snaps, "I haven't had TIME to grade them yet," or "I'll grade them when I get around to it." This is especially true on midquarter tests.

Of course the student does not expect the papers back the next day as he realizes all the work the teacher has to do. Some teachers are sufficiently prompt on this matter, but in the Math department for instance, some test papers are not returned for two or three weeks or more. The English department requires numerous themes and some teachers collect them only to report that he or she has LOST them. (Frequently).

If these teachers are to require tests they should have previously decided to get the tests graded and handed back in a reasonably satisfactory factory period. I suggest that the SGA president take an interest in this problem and try to get a little cooperation from the faculty.

Sincerely,
J. F. Daughtry

FROM THE GREEKS

By Helen Deiss
N E O I P P E T T O X X O

This weekend's main event—besides the Interfraternity Council dance tomorrow night—is the annual Kappa Blue and Blue Ball at the Lexington Country Club tonight.

With Bob Bleidt furnishing the music, the dance will last from 9 to 12 p.m. Dance committee members are Freda Wade, chairman, Bonnie Dickson, in charge of decorations, and Madge Johns. Decorations will be in light and dark blue.

Today's only other events are the KD river party at Boonesboro and the following open houses: AD Pi for the AGH's, Alpha Xi for the Phi Tau's and Phi Sig's, ZTA for the Triangles, and Tri Delta for the ATO's, Pi Kaps, and Stray Greeks. This evening the Delta Zetas will entertain the Alpha Sig's and Delta Chi's with a dessert supper.

Three rush parties—an Alpha Xi tea, a Chi O luncheon at 1 p.m., at the Lafayette, arranged by Betty Elliot and Mary Ann Hunter, and the annual ZTA Hawaiian Tea from 3 to 6 p.m.—complete the social calendar for Saturday.

Graduating seniors are being honored by three sororities Sunday. The Zeta's will give their seniors a luncheon at the Phoenix at 12:30; the KD's are planning a picnic, and the Chi O's will have a picnic at Boonesboro, beginning around noon.

The SAE's will have a Mother's Day dinner at 1 p.m. Sunday. Mothers of all actives and pledges have been invited.

Left over from last week: the ATO's gave a buffet supper for the AD Pi's last Friday; on Sunday afternoon the Sigma Nu's gave a Boonesboro swimming party, arranged by J. V. Larkin; the KD's gave a faculty tea, planned by social chairman Judy Jackson, Sunday evening, with a spring rush party Tuesday evening, with Ione Miller, Mary Plock, Judy Jackson and Kate Fleming on the program committee. The ZTA's gave a faculty tea on Sunday.

Jacqueline Johnson of Peoria, Ill., was selected by the junior class of Kappa Delta to receive the Joy Rankin Award, presented annually to the most outstanding senior on the basis of scholarship, activities, and service to KD. The award was presented at an active-alumnae party May 14 at Castlewood barn.

The "Sig Ep Saga," edited by Charles Whaley, will be out next week to be distributed to all campus fraternities and sororities.

The Lambda Chi's have scheduled their spring formal for Springhurst next Friday night with music by Bob Bleidt, J. R. Rutter, social chairman, is making the arrangements.

Once again we'll try to get the lists of pledged initiated and elected into print, but if lack of space interferes, don't give up—stick around and you may see them by next January.

PLEGDED:

Alpha Tau Omega: Ray Robinson, Owensboro; Robert Gibson, Lexington; Tom Garrett and Joe Scott, Paducah.

Lambda Chi Alpha: Robert Bunting, Prestonsburg; Joe Edwards, and Sam Ruark, Vansburg; Oakley Brown, Louisville; Allan Terhune, Danville; Clyde Wooten, Lexington; Russell Ford, Covington; Ernest Rogers Pikeville.

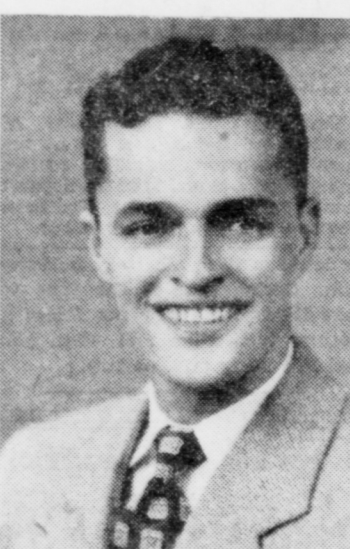

Alpha Xi Delta: Sara Elizabeth Crain, Ashland; Opal Owen, Glomaw; and Margaret Steele, Lexington.

Alpha Gamma Rho: James Crafton, Hebbardsville; Lebus "Buck" Kidwell, Wallingford; John Lovell, Louisville; Marion Mason, Ricetown; and J. W. Smith, Owenton.

Chi Omega: Patricia Cooley, Louisville; and Ruth Lamb Covington, Marks, Miss.

Kappa Alpha Theta: Julia Ann Heacock, Lexington; and Mary Jean Prinz, Louisville.

Kappa Kappa Gamma: Carolyn Cadden, Landsdowne, Pa.

Roy Wallace is the newly elected president of Sigma Alpha Epsilon.

Sigma Phi Epsilon: Dwight Bray and Raymond Bradley, Frankfort; Robert Breeden, Midway; and Buddy Cooper, Monticello.

Zeta Tau Alpha: Kathleen Crum, Prestonsburg; Mary Hartley, Versailles; Jean Koeler, Shelbyville; Carole Logan, Hickman; Glo Turner, Drift.

Phi Sigma Kappa: Bill Robb, Maysville; Jack Asher, West Lafayette, Ind.; Dick Pigman, Lexington; Walter Patrick, Harrodsburg; Sam Osborne, Newport.

Sigma Chi: Bob Hensler, Lexington; Bob Ferguson, Ashland; Sam Neace, Erlanger.

Kappa Sigma: Tony Rotuno, Canton, Ohio; Brody Dempsey, Erlanger; Bud Lusby, Elizabethtown; Tom Ziminger, Louisville; Irvine Stapp, Lancaster.

INITIATED:

Mu Iota of Alpha Tau Omega: Fred Perkins and Daniel P. Mullin, Louisville; John Milkovich, Stone; Bess N. Clark, Eustis; Jesse B. Nill, Kevill; James B. McCowan, Corbin.

Kappa Xi of Alpha Xi Delta: Eleanor Caslick and Betty Ann Gillespie, Paris; Kathryn Franz, Raceland; Bess Goldsmith, Hazard; Mary Jane Kash, Lexington; Suzanne Rogers, Maysville; Janelyn Woodbridge, Louisville.

Lambda Alpha of Chi Omega: Georganne Bovis, Elizabethtown; Sara Mae Greene, Mt. Sterling; Carolyn Herdt and Ruth McCracken, Louisville.

Delta Rho of Delta Delta Delta: John Frances White and Mary Frances Futrell, Cadiz; Peggy Parker, Maysville; Harriet Field and Judy Broadbent, Louisville; Betsy Hammond, Hopkinsville; Barbara Mandt, Prestonsburg; Pat Thompson, Betty Ann Shropshire, Elinor Isaacs, Martha Van Hooser and Helen Deiss, all of Lexington.

Sigma Alpha Epsilon: Ted Vimont and Joe Newell, Maysville; Jim Bailey, Wheelwright; Kavanaugh Rogers, Frankfort; Frank Boone and John Lewis, Louisville; Tom Griffin, Danville; Don Ross, Flemingsburg; Jim O'Bannon and Tony Dallas, Paducah; Jim Snowden, Winchester; Doc Ferrell, Richmond; Len Shouse, George Montgomery, Hugh Hammett and Fred Luigart, all of Lexington.

Lambda Lambda of Sigma Chi: Paul Fowler, Bill Hoskins, Bill Smith, Neville Dunn and Owen Lewis, all of Lexington; Bob Van Hoose, Ashland; Don Seaman, Covington; Bob Boulter, Hopkinsville; Bud McCarty and Al Cummins, Brooksville; Jim Moore, Nicholasville; and Scott Miller, Louisville.

Kappa Sigma: Billy Guy, Lexington; Henry Lewis, Frankfort; Bill Bennett, Bardstown; James Stewart, Jack Whitman and James Ford, all of Paducah.

Zeta Beta Tau: Joel Gordon, Crofton; Herb Markell, Maysville; Frank Zintvey, Brooklyn, N. Y.

ELECTED:

Newly elected officers for Alpha Xi Delta include: Elizabeth Walters, president; Emogene Gregory, vice-president; Marjorie Akers, recording secretary; Marjorie Stenbridge, pledge trainer; Jo Ann Johnston, corresponding secretary; Janey Jameson, rush chairman; Coty Man-

ALUMNI NEWS

THEN and NOW

PERSONALITIES

Donald S. Bennett, '41, formerly of Bardstown, with the Veterans Administration in Louisville, called at the office last week. Mrs. Bennett, the former Frances Young, is also a member of the class of '41.

Prof. Alexander Chavis, '31, head of the physics department at Carson-Newman college, Jefferson City, Tenn., and editor of the Carson-Newman Alumni News, was also a visitor on the campus last week.

W. H. Scherffius, '39, of Washington, D. C., life member of the Alumni Association has arrived in Lexington for the 48th reunion of his class. Mr. Scherffius and his wife are enroute east from St. Petersburg, Fla., where they spent the winter, and are spending a month in Lexington. The class of 1889 will hold its reunion during the annual commencement activities at the University, June 5 and 6.

Dr. A. Dudley Roberts, '39, formerly of Fayette county, has been chosen president of the Michigan Psychological Association.

Dr. A. M. Crawford, A.B. '17, Ph.D. '32, former principal of Lafayette high school in Lexington has been named professor of education at Transylvania college. He will begin his new duties with the opening of summer school June 16.

Hugh R. Jackson, B.A. '31, M.A. '32, formerly of Lexington, and until recently director-general of the U.N.R. R. A. has been appointed executive director of the Public Charities Association of Pennsylvania.

Prior to his service with U.N.R.R. A. Mr. Jackson had held various welfare posts in New York City and state.

Miss Ann Garrigan, '47, of Hickman, has reported to Paducah to take over her newly assigned job as assistant home demonstration agent in McCracken county.

The Rev. Guy R. Ransom, '44, minister at the Hull Memorial Baptist church, Cheshire, Conn., will teach philosophy at Mercer university, Macon, Ga., this summer.

Mr. Ransom will go to England in September, and will be located at the University of Cambridge next winter.

Rankin Harris, '35, formerly of Morganfield, is social director on the staff of the co-ordinator of veterans affairs at the University of Michigan.

She participates in the direction of the social, recreational and educational program for the 1,200 married student veterans' families at the University of Michigan.

150 Are Expected At 4-H Club Meet

The 24th annual 4-H Club week will be held June 9 to 14 on the campus of the University, according to a College of Agriculture and Home Economics announcement.

Approximately 1500 members are expected to attend, with participation limited to outstanding club members, 13 years or older. Besides the students, farm and home agents from many of the counties will be present at the meeting.

Individual and team demonstrations representing the winners of each district competing for state championship honors will top the week's activity. Approximately 100 girls will take part in a style revue, and about 50 boys will enter the water management contest in soil conservation.

Speakers for the conference have not been announced.

tie, chaplain: Frieda Cornelius, Marshall; Martha Short, treasurer.

Alpha Tau Omega pledge class elected Ray Robinson, Owensboro, president and Tom Garrett, Paducah, secretary.

New officers for Sigma Alpha Epsilon are: Roy Wallace, Hopkinsville, president; B. L. Kessinger, Lexington vice president; Bob Miller, Cincinnati, treasurer; John Crockett, Maysville, recorder; Harry Wright, Lima, Ohio, chronicler; George Smith, Lexington, correspondent; and John Everett, Maysville, warden.

Home Ec Chapter Elects Officers

The Iota chapter of the Phi Upsilon Omicron, home economics recognition society last week elected officers for the coming year.

The following officers were elected: president, Jane Wood, Maysville; vice president, Helen Triplett, Lexington; recording secretary, Emogene Gregory, Somerset; corresponding secretary, Ollie Hayes, Bloomfield; treasurer, Marguerite Martin, Lawrenceburg; assistant treasurer, Mrs. Katherine Johnston, Russellville; N. C.; advisory council, Lexington; marshal Eloise Ridley, Beaver Dam; editor, Frances Horlacher, Lexington; chaplain, Sylvia Smith, Brandenburg; chaplain co-worker, Virginia Link, Lexington; professional work committee, Amy Dean, Loyall and Betty Bright, Greenville, N. C.; advisory council, Mrs. Charles Woolridge, Marie Barkley, Elizabeth Helton and Dr. Statie Erikson, all of Lexington.

Phi Mu Epsilon To Elect Officers

At the annual picnic of Phi Mu Epsilon, mathematics recognition society, new members will be initiated and officers will be elected at Castlewood park, May 31. Dr. H. H. Downing, head of the mathematics department said this week.

John Fleming, commerce senior from Ashland, is the active chapter chairman of the Sigma Chi Alumni Day party being given this Sunday.

Campus Shots Taken For Holiday Magazine

Pictures of the campus and horse farms were made last week by Bert Perry, a free-lance photographer on an assignment for Holiday magazine.

Students posing for the campus scenes were: Betsy Moore, Huntington, W. Va.; Judy Maier, Louisville; Evelyn Ewing, Milton; and Ed Barnes, Louisville.

Those appearing in the horse farm pictures were: Mildred Gill, Louisville; Tom Gregory, Lexington; and Amy Price, Ashland.

The pictures will appear as a part of a series of features on historic towns.

Women's Breakfast Tradition Renewed

The traditional junior-senior breakfast given every year for upper-class residents of Boyd and Jewell halls and McDowell and Elmside houses will be renewed Sunday, June 1 after two years.

The breakfast, which was cancelled last year, will begin at 9 a.m., the committee has said.

Mrs. Sarah B. Holmes, dean of women, and Miss Jane Haselden, assistant dean of women, will be guests.

Millie Johnston and Martha Rich are in charge of arrangements.

May Addresses Student Engineers

James M. May, vice president of the American Air Filters Company spoke at Memorial hall yesterday for students in the engineering college. His subject was "Electrical Precipitation of Dust." All classes in the engineering college were dismissed.

Mr. May is a graduate of the University and received his degree in 1928.

Names Added To Honor List

Several additions have been made to the list of names for scholastic achievement at the Stars in the Night convocation held April 29, according to Miss Jane Haselden, assistant dean of women.

They are: for the Mortar Board scholastic plaque presented to sophomores with a standing of 2.6 or better, Evelyn Caudel, Owensville, and Charlotte B. Read, Mt. Sterling; new members of Alpha Lambda Delta, freshmen women's honorary, Jerry Hinson, Lexington, and Margaret R. Wright, Bellevue; women making a 3 standing in the fall quarter, Katherine Winebriner, Boston, Jane Garrett, Lexington, and Mary D. Slaughter Henderson.

Sam Manley Chosen Alumni President

Alumni to the University reactivated the Louisville alumni club at a meeting attended by approximately 175 persons Tuesday night in Louisville and elected Sam Manly III, class of 1933, as president for the next year the alumni office has announced.

Other officers selected to head the reactivated club were first vice president, Arthur Nutting, '26; and secretary-treasurer, Mrs. J. M. Jackson, '40. Executive committee members elected include Homer Baker; Joe Creason '40; Reed Miller, '26; Mrs. William Heston, '41; and Grover Creech, '20.

President Manly also will represent the Louisville club on the national association of alumni clubs executive committee. Miss Helen King, executive secretary of the University Alumni Association, spoke briefly at the meeting and films of last year's Kentucky-Michigan State football game were shown.

Miners To Picnic

The Mining and Metallurgical society in the engineering college will have their annual picnic tomorrow at Boonesboro beach. Edward Jones and James Wyatt are in charge of arrangements.

Weddings and Engagements

Married: Nancy Talbot Wombwell (UK), Lexington, to William Wickliffe Preston, Lexington, May 10; Carolyn Louise Blount, Lexington, to Griffin Simpson Anderson II (UK), Lexington, May 9; Carolyn June Bramble (UK), Lexington, to James May 11; Jane Gordon Meyers (UK), Alexander Brown (UK), Lexington, Lexington, to Kenneth W. Hart, Long Beach, N. Y., May 12; Elizabeth Ann Ritter (UK) Paris, to James Eldred Clay, Paris, May 13.

Mary Alice Hord, Church Hill, Tennessee, to Steve Van Gordon Backer (UK), Kingsport, Tenn., April 19; Louise Peak (UK), Cynthia to Kenneth F. Spring, Newark, Ohio, April 26.

Engaged: Joyce Lewis (UK), Covington, to William T. Newman (UK), Mayfield.

Frances Crutchfield, Wickliffe (UK), Henderson, to Charles Spurgeon Johnson, Georgia; Mary Dee Rowland (UK), South Williamson, W. Va., to George Deaton Poole Jr. (UK), Williamson;

Union Ventilation System Completed

The Student Union building air conditioning unit has been completed except for some minor adjustments, according to E. B. Ferris, head of maintenance and operation. This system can be used either in the ballroom or the cafeteria but not in both places at the same time. The unit is run by two 40 horse power electric motors.

Kathleen June Wrench (UK), Lexington, to William Edward Waters Jr. (UK), Lexington; Louise Madison Jewett (UK), Cynthia, to James Edward Atell (UK), Bardstown; Irene Joyce Jordan (UK), Manchester, to Robert Dennison Thornbury (UK), Ashland.

163 EAST MAIN STREET

Faculty Personals

Lerner To Summer Camp
Lt. Col. Gerald P. Lerner, signal corps, will leave May 25 for ROTC Signal Corps summer camp at Fort Monmouth, N. J., and will return to duty in the military department about August 5.

Durr To ROTC Camp
Master Sgt. J. C. Durr, signal corps, of the military department, will report to Fort Monmouth for duty with signal corps ROTC camp about January 8.

Jackson Is New Hedges
Miss Ann Jackson will replace Miss Blanche Hyden as hostess at the Union desk. Miss Hyden resigned to accept a teaching position in Cincinnati city schools.

Olney Is Improved
Professor Albert J. Olney, head of the department of horticulture, who has been ill since January, is reported much improved. He expects to return to his position for the summer quarter.

Amyx Receives Leave
Professor Clifford Amyx, assistant professor of art, has received a leave of absence from the University for the summer quarter. He is going to San Francisco, California, to paint and work on a book. He will return for the fall quarter.

Biggs Elected Chairman
Dr. A. E. Biggs, head of the department of German Language and Literature, has been elected chairman for the next year of the Central States Modern Language Teachers Association.

The association, composed of college and university teachers of modern languages, has a membership of approximately 400 and covers the states of Michigan, Ohio, Indiana, Illinois, Wisconsin and Kentucky. Several members of the UK language faculty attended the recent convention in Columbus, Ohio. Next year's convention will be held in Chicago.

Wetzel Attends Convention
Professor Harold Wetzel, head of the department of social work, and Mrs. J. C. Rucker, department secretary, attended the one-day institute of the Health and Welfare Council in Louisville last week.

White Addresses Engineers
Dr. M. M. White, associate dean of the College of Arts and Sciences, spoke to the student members of the American Institute of Electrical Engineers at the University, Tuesday morning. His subject was "What's Wrong With Engineers?"

Taylor To Speak
Dr. William S. Taylor, dean of the College of Education, will leave Lexington today for the first of several speaking engagements at high school commencement exercises in the state.

He will address graduates of Madisonville high school tonight on the subject "Tomorrow Is Ours." Other schools where Dean Taylor will appear include Sulphur Consolidated high school, Henry county, Tuesday, May 20; Benton high school, Harlan county Thursday, May 22; and Ashland Junior college, Friday, May 23.

Server To Take Leave
Dr. Alberta Wilson Server, professor of romance languages, will take sabbatical leave in September at which time she will visit countries in Central and South America.

Tartar Gets Leave
Lt. Col. Jerome Tartar, from the air force, ROTC unit, left on a 25 day leave, May 19. He will return June 15, and remain here until June 25 when he will take a six weeks course at Scott Field, Illinois.

Don't Complicate Exams With Superstitious Fears

Don't let superstitious fears add to your exam week worries. If you are squeamish about breaking a mirror or having a black cat cross your path just before exams, you would do well to find out the origin of your fears so you may alleviate them.

For instance, if you believe that exams falling on Friday 13 will bring extreme misfortune at the slightest provocation, it is fitting for you to know why you think so.

It all began when Julius Caesar was murdered in the Roman Senate chamber on March 15, 44 B.C. Since then Friday 13 has developed an evil portent that has carried down through the ages. However, history records no evidence that the day before or the day after the thirteenth would have been any less acceptable for his assassination.

Bad luck associated with the number thirteen probably stems from the fact that there were thirteen persons present at the "Last Supper" which led to Christ's betrayal by Judas. Subsequently this evolved into the credence that when thirteen guests met for dinner, one person would be dead within the year. Insurance company statistics reveal that when a group of thirteen persons convene, one is likely to die within the year from natural causes. But this is a far cry from the belief that the death was the result of some occult condition that dates back two thousand years.

Salt spilling as an unlucky omen is also connected with Judas, who overturned the salt at the disciples' last meeting, and this is cited as the origin of the superstition. Some contend that this superstition began with the Greek and Roman custom of mixing salt with their sacrificial cakes. They considered salt as an element and a necessary concomitant of the sacrifice, and not a mere adjunct. Therefore, it isn't strange that pagans thought of salt as an emblem of redemptive power.

The custom of throwing spilled salt over one's left shoulder is traceable to the belief that evil spirits congregated on the left side of a man's body and salt would render

Three To Summer Camp
Major E. L. Kaiser, Captain Larry Spears, Master Sgt. A. W. Segerquist, and Technical Sgt. J. C. Jones, from air force ROTC unit will leave January 4, for a six weeks period at the air force summer camp at Langley Field, Va.

Holcombe Reports
Master Sgt. B. N. Holcombe, air force, reported May 14 for duty with the air force ROTC unit. He came to the University from Fort Bragg, N. C.

Faculty Club Meeting
The annual meeting of the University Faculty Club will be held at the Club House on Thursday afternoon, May 29, at four o'clock. Reports of officers, election, and other business will be transacted. The regular monthly dinner and party will be held Friday evening, May 30. Reservations for dinner should be made with Stewardess Johnson.

Sanders Speaks
Dr. Irwin T. Sanders, head of the sociology department, spoke yesterday on "Getting the Community Point of View" to the Kentucky Federation of Women's Clubs in Louisville. Today Dr. Sanders is attending a meeting of the directors of the Kentucky Conference of Social Welfare at Louisville.

Dr. C. A. Anderson, associate professor of sociology, will attend a meeting of the teachers committee of the Southern Sociological Society in Nashville Saturday.

the thrower immune. The conception that it is seven years' bad luck to break a mirror goes back to the ancient days when mirrors were implements of divination. To break one was disastrous, because it was the destruction of the means of knowing the will of the gods. Physicians depicted the mirror in water and reflected the images of sick persons. From his distorted appearance in the wet glass, they presumed his future condition. How many predictions went wrong from this means of prognostication weren't put on record.

Seven years were attached to the superstition because it took seven years to accumulate enough money to pay for another mirror, during which the gods remained provoked. Perhaps oldest and most widely known is the superstition concerning the black cat. It isn't certain how the belief originated, but it is known that the black cat was revered among the Egyptians, an mummified remains of the black animals have been found in the same tombs with their worshippers. Consequently, the idea that a black cat's crossing one's path signified that the gods were displeased with the prospective journey. If a person failed to heed this divine admonition, the gods' wrath would be incurred.

Sneezes with the accompanying "God bless you" or "Gesundheit" started when primitive people regarded a person's breath as identical with his soul or spirit. It is believed that some people thought the spirit to be leaving the body during this paroxysm known as the sneeze. The words "God bless you" originated in the form of a hastily uttered prayer in order that the loss of soul might be prevented.

Nowadays, persons who are skeptical about walking under ladders are probably cautious about some heavy inanimate object landing on top of their craniums. But that isn't the way persons first started circumventing ladders.

The triangle formed when a ladder leans against the wall was considered by the ancients as symbolic of the three points of the Trinity. When a person walked through this triangle he was violating a sacred trust, and unfavorable circumstances were apt to be his lot.

Psychologists tell us that superstitions result from our attempts to relieve ourselves from anxiety. That is to attribute our misfortune to some specific cause and not let it hang unidentified in our subconscious minds. So the next time that black cat darts across your path, disregard it. The chances are thousands to one that those exam grades will be as high as ever.

Semester System

South America; Clifford Amyx, assistant professor of art, granted leave for the summer quarter in order to complete work on method and art history at the University of California; Alexander Capurso, professor and head of the Department of Music, granted leave of absence for the summer quarter to teach at the University of Kansas; Robert J. Niess, associate professor of romance languages, leave for the academic year 1947-48.

Resignations: James P. Stoakes, associate professor of English; William C. Steele, instructor in geography.

Ag and Home Ec College

College of Agriculture and Home Economics — Appointments: Robert T. Harrison, temporary emergency assistant county agent, Taylor county, effective March 15 to November 30; Herman E. Crabtree, assistant county agent, Christian county; Robert H. Fike, reappointed county agent, Letcher county; Julia Walker, assistant home demonstration agent, Christian county; Kathleen Vance, assistant home demonstration agent, Warren county; Frances Stephenson, field agent in home management; Bertha McLeod, associate home demonstration agent, Fulton county; John L. Rowland, senior assistant county agent, Boyd county; Joe A. Ross, assistant county agent, Grayson county; Mary Matheny, assistant home demonstration agent, Boone county; Ann Garrison, assistant home demonstration agent, Graves county; Harold E. Dorman, assistant county agent, Nelson county; Jean Crutcher, assistant home demonstration agent, Henry county; Mary Thurman, assistant home demonstration agent, Webster county; Leila Nichols, assistant home demonstration agent, Mercer county; William Stone, assistant county agent, Ohio county; Floyd F. Thompson Jr., assistant county agent in training, Madison county; Thomas F. Duffy Jr., assistant county agent, Graves county.

Resignations: Michael S. Nelson, senior assistant county agent, Georgetown; Mrs. Virginia Cannon, home demonstration agent, Winchester; Mary West, assistant bacteriologist, Department of Animal Pathology; E. L. Taylor, assistant veterinarian, Department of Animal Pathology; Mrs. Mary Barton, home demonstration agent, Mercer county; Mrs. Opal Mann, home demonstration agent; E. B. Lewis, assistant chemist; Wayland Rhoads, field agent in animal husbandry, who has been on military leave since December 30, 1940, has decided to stay in the Army and his leave is terminated as of May 1.

"Why are you so jealous of your husband's stenographer?" "Because I used to be his stenographer."

Young Man's Fancy Governed By Health

Old Conventions Now Disregarded

By Paul King

(NOTE: This article on spring fever and its effects on students is authenticated by interviews of J. W. Archdeacon, Ph.D., and R. E. Humphreys, Ph.D., and reference work in the University library.)

Gone are the old convictions that a rigorous application of sulphur and molasses forced down squalling young throats provided the needed thickening of the blood thinned by winter.

No longer are farmers' almanacs read with credence when they tell us that saffrafs tea and rhubarb brews can rid the body of winter ills.

Dr. J. W. Archdeacon, professor of physiology at the University, had this to say of spring fever, "In the spring of the year, the thyroid gland builds up thyroxin which makes the body peppy and energetic. But before this endocrine secretion begins the body is sluggish, which accounts for that springtime let-down."

Erroneously, the popular trend is to consider spring fever as a purely psychological factor. Physical ailments are disregarded, and, supposedly, the individual's lassitude is taken as a sign of moral weakness.

According to Dr. William Peterson, professor of pathology at the University of Illinois, this lassitude is caused by a depletion in the body's store of vitamins and rare minerals. Other trivial concomitants of spring fever are low metabolism and anemia, both of which have an effect upon the heart. Some eminent medical authorities believe that strenuous activity during this lazy period can be detrimental to the organ.

Hibernating in warm houses and behind storm curtains all winter, housewives accept the first bright days of spring as an inducement to launch an intensive house-cleaning program. Nature lovers are compelled to take long hikes in the woods. As spring finds the body deficient in blood proteins and calcium supply, the resulting loss of appetite, feelings of exhaustion, and insomnia are viewed enigmatically. Spring and its alternating cycle of elation of fatigue are seized upon by some students as an excuse to follow the path of least resistance. Warm weather brings a removal of confining barriers which urges the student to give vent to physical exercise. Studies suffer until the body regains its equilibrium, which brings

about a recrudescence of concentration and initiative.

When asked if there was a noticeable drop in students academic standing during the spring quarter, Dr. T. T. Jones, UK dean of men said, "I haven't made a study of scholastic standings for the spring months, but I have every reason to believe that there is no difference in the standings in the spring quarter as compared with any other quarter. I feel safe in saying," he went on, "That students have to study harder during the spring to retain this average."

Dr. R. E. Humphreys, UK professor of psychology, declares, "I don't think persons are lazier in the spring; spring fever is associated with a mental conflict which stems from an opportunity and desire to engage in outdoor activities."

Of course, spring fever has its lighter aspect which caters to every caprice of human fancy. The malady is heralded by a feeling of restlessness and inability to concentrate. Persons who are normally responsive will look to you with glassy unseeing eyes when you tell them news of the first importance.

In men under thirty it is followed by prolonged bursts of letter writing, and, in severe cases, consultation with a rhyming dictionary. In women it is associated with an uncontrollable urge to buy something. Whatever your propensity, whether it is toward shopping tours

Dean Boyd To Be Honored With Banquet Thursday

Dr. Paul P. Boyd, dean of the College of Arts and Sciences, will be honored at 7 p.m. Thursday night with a banquet at the Phoenix hotel.

The dinner is being given for Dean Boyd in honor of his retirement. He will be presented a portrait by the faculty and friends.

Dean Boyd joined the University faculty in 1912 and was appointed dean of the College of Arts and Sciences in 1917. He is a member of Phi Beta Kappa, Sigma Xi, Phi Delta Kappa, Pi Mu Epsilon, Phi Gamma Nu, Sigma Delta Chi, Omicron Delta Kappa, and Phi Sigma Kappa.

Dr. George K. Brady, acting head of the English department, will preside as toastmaster, and Dr. Robert Miles will give the invocation. The speakers will be Dr. Frank L. McVey, president emeritus of the University; Dr. Niel Plummer, head of the journalism department; Prof. Louis Pardue, Mr. E. L. Gillis, and Dr. Martin M. White, associate dean of the University.

The committee in charge of arrangements includes William S. Webb, Ann Calligan, Arthur C. McFarlan, Hobart Ryland, George K. Brady, John Kulper, and Thomas D. Clark.

The faculty, student body and public are invited and tickets are available in room 203, Prazee hall or call University extension 105.

Phi Sigma Iota Initiation Scheduled

Initiation of 25 members of Phi Sigma Iota, romance language recognition society recently organized at the University, will be held on the campus, May 23. The new initiates will be honored at a banquet following the service.

The membership is composed of the top 10 per cent of students majoring in romance languages. The new initiates include undergraduates, graduates and faculty members of the department.

Engineering Students Receive Award

An award was presented to the students of the American Society of Civil Engineers at UK at a meeting in Phoenix, Arizona, for "excellence in the effective and meritorious conduct of its affairs."

Those students who were helpful in enabling the organization to get the award were Staley F. Adams, president of the organization; Augustus E. Green, vice president; Anne Phillips, secretary-treasurer; and William R. Ingram, assistant secretary-treasurer. The faculty adviser at this time was Professor Alvin L. Chambers.

VIENNA FROGS UNWELCOME

From Vienna a corporal with a sense of unpredictable GI humor sent two dozen frogs from Vienna to the San Diego Museum. Neither the museum nor zoo people would have anything to do with them. The Railway Express Agency decided to free them in a local lily pond.

Patt Hall Women Entertain With Dance

The residents of Patterson hall entertained with a spring formal Saturday night. Committee chairmen were: Hostess, Jackie Colfax and Suzanne Rogers; decorations, Alice Poole, and refreshments, Betty Darst. Woodson Wood's orchestra furnished the music. Chaparrons were Dr. and Mrs. M. M. White, Mrs. Sarah B. Holmes, Miss Jane Haselden and Mrs. C. L. Williamson.

New Society For Engineers Is Established

A new recognition society in the College of Engineering has been installed on campus by the national engineering organization, Phi Tau Sigma Pi Lambda, the University chapter, held its first meeting Tuesday night.

The committee chose twenty-one initiates from whom the following officers were elected: Charles E. Youngblood, president; John J. Willis, vice-president; Harold W. Estell, corresponding secretary; William C. Marks, recording secretary; Earl Boggs, treasurer. Prof. E. B. Penrod of the mechanical engineering department was elected as faculty advisor. Honorary initiates were Prof. W. Merle Carter, Prof. Richard D. Knight, and Prof. E. B. Penrod of the mechanical engineering department.

The initiation will be held Saturday followed by a banquet at the Lafayette hotel for the new members. Mr. L. R. Bradford, national secretary for the organization and Pennsylvania State College professor, will officiate at the initiation ceremonies.

New initiates were chosen on the basis of scholarship and leadership. The initiates are Orville W. Stewart, Hugh B. Abbott, Frank A. Heilman, John Hamby, Harry J. Macke, William C. Caywood, Fred W. Wells, James O. Schreck, Warren J. Gordonwood, Edward Elder, Raymond T. Warner, Maurice L. Vaughn, Darrell E. Ward, Oliver W. Gard, and Walter W. Aton.

Students To Compete In Livestock Judging This Afternoon

The annual student livestock judging contest will be held at 1 o'clock this afternoon at the Stock pavilion. Agriculture students of the University are eligible for the competition.

Sponsored by the Block and Bridle, animal husbandry, professional society, the contest will include rings of fat cattle, fat burrows, fat lambs, work horses, breeding cattle, breeding gilts, breeding ewes, and possibly a ring of mules.

Upper class prizes will be an engraved trophy for first place; \$10 for second place, and \$5 for third place. The winner of the freshman division will be awarded an engraved cup. Approximately 35 contestants are expected to compete, contest officials said.

The winners will be feted at the Block and Bridle banquet which is scheduled for tonight.

According to Prof. Levi J. Horlacher, assistant dean of the College of Agriculture and Home Economics, the judges for the competition will be Dr. W. P. Garagus, Prof. Forrest Johnson, and Prof. Edward J. Wilford, all instructors in animal husbandry, and Mr. Harold Barber, University shepherd.

Campus Radio Station Adds Five Features

Five new features have been added to the program of WBKY, the University FM radio station, according to Miss Lolo Robinson, program director for the station.

They include a new weekly program depicting the functions and activities of the agencies comprising the Community Chest of Lexington and Fayette county. This program may now be heard on WBKY and WKLX each Friday at 8:45 p.m. The programs originate in the University studios, and are adapted or written by UK radio staff members, the program is entitled "That Men May Live."

The other new programs are "It's Twilight Time," heard on Mondays and Fridays at 7 p.m.; "Words and Music," heard on Mondays at 7:45 p.m.; "Proudly We Hail," on Mondays at 8:45 p.m. and "Melody of Life," heard on Fridays at 8 p.m. WBKY is testing the new transmitter that has just been erected and expect it to be in operation within a week. The new transmitter is a device used to eliminate interference on FM stations.

Awards Presented By Panhellenic

The Panhellenic awards for scholastic achievement to sororities were presented Saturday, May 17, at a luncheon in the Gold room of the Lafayette hotel, according to Miss Jane Haselden, assistant dean of women.

The awards were presented to: Alpha Gamma Delta for the highest pledge scholastic standing; Chi Omega for the highest chapter scholastic standing.

have full charge of next year's Sadie Hawkins Week. The custom was started by the fraternity in 1940, but has been shared with SuKy, pep club, for the past few years.

This is the first year that the award has been made, Crockett said, adding that hereafter it will be an annual presentation to the outstanding Keys pledge.

Other pledges of the leadership society eligible for the award were: Richard D. Floyd, Kappa Sigma; Marshall McCann, Phi Delta Theta; Richard Pigman, Phi Sigma Kappa; Don Robinson, Sigma Chi; W. D. Huddleston, Pi Kappa Alpha; Paul Stock, Triangles; Ryburn Weakley, Alpha Gamma Rho; Carl Ratliff, Kappa Alpha; Harold Fleenor, Alpha Tau Omega; Gene Harmon, Delta Chi; Clarence Gerstle, Phi Kappa Tau; Chieft Dawson, Sigma Nu; and Bob Coleman, Sigma Alpha Epsilon.

Line was presented the cup at the initiation banquet last night in the Union. Dr. M. M. White retiring faculty adviser, was the speaker for the evening. Crockett announced that Keys will

Ralph Tatum, Delta Tau Delta, was named Zeta Tau Alpha "Pride of Our Hearts" at the annual ZTA Spring formal. Ollie Hayes, Zeta president, is also shown.

Chicago Professor Addresses Students

Dr. Gladys M. Kammerer and student members of the Kentucky chapter of the American Society of Public Administration were in Louisville Tuesday night to hear Dr. Leonard White of the University of Chicago.

University Backers To Meet Monday

The Collegiate Chamber of Commerce will hold its first formal meeting Monday, May 26, at 7:30 p.m. in room 102, White hall.

All students who are interested in this organization are eligible to attend this meeting.

Registration Date Set

Registration dates for the summer quarter will be June 16 and 17 with an alphabetical schedule to be announced later, according to the Department of Public Relations.

For late registration, a fee of \$3.00 will be charged for the first day, \$4.00 for the second day, and \$5.00 for any day thereafter. No exceptions to this charge will be granted, it was stated.

The last date any student will be allowed to enter an organized class will be Saturday, June 21.

Bart Peak To Give Commencement Talks

Bart N. Peak, executive secretary of the YMCA, will make two commencement addresses at Kentucky high schools this week.

On Thursday, he spoke to the graduating class of Fleming High school and Friday to seniors of Whitesburg High School.

Romance Language Society Installed

Phi Sigma Iota, romance language recognition society, was installed Wednesday afternoon, according to Dr. Albert Wilson Server, associate professor of romance language. A banquet in honor of the new initiates will be held tomorrow at the Old South Inn in Winchester.

Organ Is Installed In WBKY Studios

An organ has been installed in the studios of WBKY, University FM radio station. Jack Feireabend, organist, can be heard Monday and Wednesday from 7 to 7:15 p.m. Another installation being made in the station is in the form of a modern acoustical studio. The project is expected to reach completion by the end of the summer.

You can turn spare time into profit...and fun, too!

Here's the new Civilian Naval Reserve plan

Expert Instruction is provided in dozens of useful trades and professions. You can get skilled training helpful in civilian occupations. Free home-study courses, too.

Cruises at Sea, too—practice cruises on modern battleships, cruisers, carriers, even submarines, in home or foreign waters for those who qualify.

This program is designed for young men who want to get ahead in their jobs

New Naval Reserve Plan offers valuable training... with pay in dozens of subjects which will help young men better their earning power in civilian life. The plan is flexible... you can give as much or as little time as you wish. It's not only fun and full of variety, but it's profitable in terms of the pay offered. Beginners in the Organized Naval Reserve can get \$2.50 per two-hour training period... higher ratings can, of course, get more. Both Veterans and Non-Veterans are invited to join. Navy Veterans can step back into their former grades. You gain—and you help keep our Navy on top by being a part of the strong peace-time reserve our country needs.

Here's how to get the full story...

There's a new booklet called "Come Aboard" and it's full of facts. Ask for it at any Navy Recruiting Station or Naval Reserve activity.

Micro-Photography, Electronics, Aviation, Radio, welding—even cooking and baking—are among the dozens of useful subjects included.

You will be proud to wear the new Naval Reserve emblem in your lapel.

Check the Advantages that this plan offers you

- ✓ Give the amount of time you wish.
- ✓ Free, expert training for many skilled trades, and professions.
- ✓ You decide how long you serve. Resign any time!
- ✓ Get paid for meetings or duty hours in Organized Reserve.
- ✓ Chance for promotions... may qualify as officer.
- ✓ Interesting Practice Cruises for those who qualify.

The Confederate Drill team of the University of Kentucky ROTC Unit, entertained the crowd Wednesday at the annual Spring review of the ROTC Unit. Dressed in the beloved grey of the dear old South, the squad went through its maneuvers in the traditional slow manner of the true Southerner.

Glenn Weatherspoon Wins Outstanding Military Honor

Cadet First Sgt. Glenn Weatherspoon, engineering student from Fulton, received the outstanding individual honor in the ROTC Field Day competition held Wednesday afternoon in Alumni gym. Company C captured first place in the drill contest.

Weatherspoon won the Lexington Co-Operative club trophy awarded annually to an advance military student selected as the most outstanding officer material by a board of Army officers.

Company C, commanded by Cadet Capt. C. I. Bradshaw, Alabama, won the Col. George D. Freeman trophy in company drill competition. The first platoon of Company C, commanded by Cadet 1st Lt. George Martin, Lexington, won the competitive platoon drill event and was awarded a trophy from the Kentucky chapter, Reserve Officers Association.

Winner of the individual drill trophy, awarded by the Man o' War Post, American Legion, was Cadet S. Sgt. Finley Mayes, Harrodsburg.

Recipients of trophies for outstanding scholastic achievement were: Cadet 2nd Lt. Leonard Preston, Lexington, received Rotary club trophy awarded to advanced students excelling in citizenship.

Cadet T-Sgt. William Tombs, Louisville, who was awarded the Lafayette hotel trophy for first-year advanced student with the highest average in military science and highest scholastic rating for the academic year.

Cadet Pvt. Delbert Robinson, Hodgenville, received the Lexington Herald-Leader trophy for member of the ROTC rifle team having the highest record in competition.

Cadet Pvt. Allen Wallingford, Mayesville, received the Phoenix hotel trophy awarded to a member of the first-year basic course having the highest average in military science.

The University cup, awarded to the company attaining the highest scholastic average during the year, was presented to Company E, commanded by Cadet Capt. John Roop, Lexington.

As part of the Field Day program, Col. MacKenzie, head of the military department, presented the Silver Star, a posthumous award to Mrs. H. P. Moffett of Lexington for the bravery of her son, Capt. Albert W. Moffett, USMC, on Corregidor in 1942.

Filling-In Of Sink Hole Unearths Old Memories

The filling in of a hollow near the southwest exit on the University campus, long known familiarly among students and faculty as "the sink hole," with dirt from the Auditorium-Fieldhouse excavation this week caused reminiscence on the part of campus old-timers.

They remember that "way back when" stones were dug from the site and hauled "up the hill" to become the foundation for the present Administration building which was erected in 1882.

One year, "back in the eighties," a commencement address was held on the very same spot which now is covered with 10,000 cubic yards of dirt, according to Prof. Ezra Gillis, former registrar and a member of the University's administrative staff for 40 years.

People have told him, Prof. Gillis said, that deep underground on the historic location there are caverns. Once someone built a fire in the entrance of one of the caves and smoke came out in several places on and around the campus, lending weight to a theory that a series of caverns may extend under

much of the campus.

Dr. A. C. McFarlan, head of the University geology department, commented that "although no extensive investigation ever has been undertaken to determine if such caves do exist, there are bound to be some interconnected channels of varying sizes under the campus as there are throughout the Blue Grass area."

Other spots about the campus which have been improved by filling in with some of the 40,000 cubic yards of dirt to be excavated from the Fieldhouse site include 20,000 cubic yards in Cooperstown sink-holes, 3,000 on the Service building site, 2,000 around the Scott street barracks for unmarried veterans and the remainder scheduled to be placed at other spots as needed.

Future excavation for campus buildings may allow the filling of historic Clifton pond, a water hole near the campus which has been the scene of freshman-sophomore class "brawls" in years past. E. B. Farris, UK chief engineer, said.

Billy Mac Rhoads SuKy President

Billy Mac Rhoads, agriculture freshman of Lexington, has been elected president of SuKy, University pep organization.

Other officers include Ellen Wood, arts and sciences junior of Lexing-

ton, vice president; Louillie Walker, arts and sciences junior of Lexington, secretary; Emery Flanders, agriculture junior of Lexington, treasurer; Rip Weakley, agriculture freshman of Shelbyville, assistant treasurer; Ralph Tatum, commerce freshman of Louisville, tryout manager, and Nancy Potts, arts and sciences sophomore of Lexington, corresponding secretary.

When you graduate, you will have one of the finest opportunities to learn to fly ever offered young men in peacetime.

The Army Air Forces' Aviation Cadet Training Program gives you that chance. It cannot be duplicated anywhere at any price. Leader in new things for aviation—in jet and rocket propulsion, far-ranging heavy aircraft, improved navigation facilities, and many other of the latest developments in a fast-moving field—the AAF can help you begin a brilliant future.

The Air Forces have reopened Aviation Cadet training to qualified civilians 18 to 26½ years of age. Men selected for training as pilots under the terms of the program must be single and have had at least two years of college education, or the equivalent, in an accredited institution. Upon successful completion of the course, graduates will be commissioned Second Lieutenants, Army of the United States, and assigned to flying duty with the Army Air Forces.

Reactivation of the Aviation Cadet program is typical of the AAF's continuing effort to provide selected young men every opportunity to earn advancement. Cadets who win their wings as today's pilots will be the same kind of men who, in wartime, built and manned the world's mightiest air arm.

Make your plans now to get in at the start! By applying immediately after graduation, you can take your qualifying examinations and enter the July 1st class, or—if you want a summer vacation—you can take your examinations now and be ready to enter the class beginning October 15th. Further information is available at AAF Bases, U. S. Army Recruiting Stations, local Civil Air Patrol headquarters, or by writing to the Commanding General, Army Air Forces, Washington 25, D. C.

SHOES OF DISTINCTION

133-35 EAST MAIN

Cat Clippings

By Tom Diskin

The Wildcats' new right halfback Dick Martin, comes from Oak Park, Ill., located just outside of Chicago. He starred at Fenwick High School in football and basketball. In 1945, Martin captained the football team that won the Chicago high school football championship when Fenwick defeated Tilden Tech. 20-6, before some 90,000 people in Chicago's massive Soldier Field.

Cage coach Adolph Rupp, leaves early next month for Alamosa, Colorado, where he, along with Henry "Hank" Iba, of Okla. A. & M., will be basketball instructors at the coaching school of Adams State College. The school sessions will be from June 9 thru the 14th. Football tutoring will be conducted by Ray Elliot, head grid master at Illinois; Dana X. Bible, the athletic director at Texas; and Blair Cherry, head football coach at Texas University.

Tennessee's new basketball coach is Emmet P. Lowery. He comes to the Orange and White from Purdue University, where he was assistant football and basketball mentor. The new cage director will have many headaches since only two veteran hoopers will be back from the 1946-47 squad. They are Hawkins and Burris. Paul Walther, who made All-American in 1944 at "the Hill," left the Volunteers and will enroll at Long Island University. Walther, a native of Covington, Ky., has two more years of eligibility left.

Jumping Jack Tingle, who made second team All-American this year with the Wildcat basketball team, has signed a four-year contract with the Louisville professional cage team. Dick Mehan, has also gone professional. He will play with the Toledo pro team next season along with his famous brother, Bernie. Also signed by Toledo was St. John's rangy star, Harry Boykoff.

Richard Rakovits, star quarterback of Fenger High, Chicago, city champs of last season, will not come to Kentucky as rumored some weeks ago. Rakovits was recently awarded a scholarship by the Illini Club of Chicago, sending him to the University of Illinois. He was considered one of the best high school grid players in the Midwest last season.

Speaking of football, Ole Miss will be considerably stronger next fall. The Rebels have acquired several outstanding high school footballers for Coach Vaught. The best prospect is Cecil Puckett, a backfield whiz from Kingsport, Tenn., where he made All-Tennessee and All-Southern in football for two years. He is also a fine hardwood and diamond athlete. The 180 pound athlete also set a new conference record for his high school when he hurled the javelin 157 feet, which is pretty good for a youngster in high school. UK's Bob Drury won the javelin throw against Tennessee recently with a toss of 165 feet 8 inches.

High School Regional Meet On Stoll Field

Even though the track activities of Kentucky's Wildcat harriers are at an end, battle royals for high school thinsles on the Stoll Field oval are not, since the regional track meet will be held here this afternoon with the winners and other qualifiers slated for final tests in the state cinder carnival also on the UK lot, scheduled for June 4.

Lexington's Henry Clay is tabbed for the favorite's role, since winning the Central Conference championship last Friday, with 57 points. Lafayette, also of Lexington, is rated a serious contender for re-

UK Linksmen Seek 14th Win

Kentucky's par-busting golfers will travel to Oxford, Ohio, tomorrow for a return match with the Miami University linksmen. In meeting the Ohio linksmen, whom they defeated here April 22, in taking their sixth victory, the Wildcat shotmakers will be seeking win No. 14, as against a tie with Notre Dame's Irishmen and the lone loss two weeks ago to the Yellow Jackets of Georgia Tech, 15-3.

Coach Frank Atkins' UK team was rained out of its match with Centre College at Danville Wednesday, but the match will probably be re-slated within the next week.

Last Saturday, the Wildcats all but whitewashed the Eastern State Teachers College greens outfit, as they easily downed the Maroons, 17-1, over the tough Richmond course. Marvin Lear bested East-ern's No. 3 man by firing a 73 to Maroon Charlie Lee's 80-effort, and earning the meets low scoring honors.

Only one match remains on the Kentucky schedule, besides the rained-out Centre match at Danville, and that is a return match with Centre's Colonels over the Lexington Country Club course, May 28.

regional laurels, while the less impressive Admirals of Danville, who copped second place in the CEC meet with 29.5 points, will be

Wet Track Slowed SEC Annual Meet

By Winfield Leathers

Only two of the championship times recorded in the 15th annual Southeastern Conference track meet held last week-end in Birmingham, Alabama, has been equaled or bettered by this year's edition of Kentucky Wildcats.

Those were the times of Tiger freshman Buddy Fowlkes, who compiled 18 points for Louisiana State, winner of the Conference meet by nailing out Georgia Tech, the pre-meet favorite, 52 1/2 to 47. LSU's Tigers have now won the crown 12 times in 15 years and finished second to Georgia Tech in the cinder carnivals of the other three years, '7, '45, and '46.

Blond-headed Fowlkes, winning first places in the 100-yard and 220-yard dashes and the low hurdles, along with a third place in the broad jump, now covets a record unequalled in the meet's history.

Fowlkes winning times of 9.9 in the

lucky to finish as high as third place.

Entries from Berea Academy, Danville, Georgetown, Henry Clay, Lawrenceburg, and Somerset were already received by Wednesday afternoon, with the entries from Lafayette, Millersburg Military Institute, University High, and Winchester expected by yesterday afternoon.

Preliminaries in all dashes and hurdles events will begin at 1:30 this afternoon followed by the shot put and pole vault. Finals in the cinder events are slated for 3:00 p.m.

century and 22.2 in the 220-yard dash have been equalled or bettered by Kentucky's "Doppy" Phelps. In a dual meet against the combined strength of Georgetown and Centre, Phelps ran the 100-yard dash in 9.9, while in the last pre-SEC meet, against Berea, he was clocked in 9.7 for the same distance.

Phelps' fastest time in the 220 dash was recorded against Tennessee in a dual meet, when he burned the cinder-stretch in 22.2. But, the strong headwind and bad track conditions of the Birmingham oval must be taken into consideration, which, had it been in better shape would have allowed a faster pace in all events.

However, UK's two points gained in the SEC meet were not won by dashman Phelps, who qualified by finishing third in the second heat of the century in preliminary runs last Friday, won by Biens of Tulane in 9.9 seconds. In Saturday's tests, Biens was second only to Fowlkes, who won the event in the same time.

Jim Weber, performing his last season for Kentucky, picked up a marker by placing fifth in the 120-high hurdles and Johnny Miehaus tallied a point by finishing fifth in the broad jump. In the preliminary, Weber ran second to Fleming of Georgia Tech in the third heat of the high hurdles, won in 15.6 seconds. The next day, Fleming failed to take one of the top five positions as Weber finished fifth behind Pennington of Auburn, whose champion-

ship time was 15 seconds flat. Miehaus placed fifth in the trials of the broadjump as he spanned 20 feet 9 1/2 inches, while Wilcox of Florida leaped an even 22 feet to head the qualifiers. When the chips were down, Miehaus covered more territory, but so did everyone else. Wilcox jumped a quarter-of-an-inch farther to take second place behind Athas of Tulane who had a 22 foot 6 inch distance.

Miehaus' longest jump in the meet was 21 feet 2 inches, although in a local meet against Tennessee he covered 21 feet 11 inches, which had he equalled would have been good

enough to beat Fowlkes out of third place.

Bobby Lowther, star LSU pole vaulter, won the event by clearing 12 1/2 feet to take top honors for the second straight year. On a friendly bet, he attempted a height of 13 feet and while doing so broke a leg when he swayed into a light pole on his way down.

Lowther, it will be remembered, beat out UK's Wilbur Schu in the SEC basketball tourney in 1945-46 to be the lone non-Kentuckian on the all-tournament squad. Named with Lowther in the all-SEC berths were Jack Parkinson, Jack Tingle,

Ralph Beard, and Wallace "Wah-Wah" Jones.

While Lowther topped 12 1/2 feet, five men cleared 14 feet in the pole vault event of last week's West Coast Relays, won by the undefeated Trojans of Southern California, who registered 55 5-6 points in hanging up their 14th relays crown and their second in a row.

Tony Dallas, low hurdles and high jump, and George Kirchner, 440, only other two UK representatives failed to qualify for the finals.

Netters Top Berea; Play Centre Here

By Kent Hollingsworth

As usual, a Kentucky tennis match score was 9-0, but for the first time this season, Kentucky had the nine points. Saturday's match was a second defeat for Berea Academy at the hands of the UK netmen.

Danny Dickerson easily whipped Cooper 6-0, 6-2; Tommy Asbury quickly finished Warming 6-1, 6-2; Ed Lander struggled with Bush but finally beat him 7-5, 4-6, 7-5; Bib Collins, cold at first, triumphed over Wilson 4-6, 6-3, 6-3; Reusch, a new man for Kentucky in the number five match, whipped Richards 3-6, 6-0, 6-4; Juan Balzola, moved from the number five match squelched Finney 6-3, 3-6, 6-3.

May 15th the Wildcat netmen met Centre in a scheduled match on the

Downing Courts. Dividing the single matches at three apiece, the doubles matches decided the outcome which ended Centre 6, UK 3.

Carl Hoppe, Centre number one man, was the man with all the racket that day. He ran through UK's top, Danny Dickerson, 6-1, 6-1. Handicapped by his partner's poor services, Hoppe lost the first set of the number one doubles match 1-6, but came back strongly to take the next two and the match, 6-4, 6-3. Individual scores: Asbury, (K) over Duval (B) 6-0, 5-7, 7-5; Lander (K) over Gernert (B) 6-4, 6-4; Van Antwerp (B) over Collins (K) 6-0, 6-1; Martin (B) over Reusch (K) 13-11, 6-2; Balzola (K) over Hart (B) 6-3, 6-4.

"Tennis at The University Has Too Long
Been Neglected By Too Many"

Rumor has had it for some time now that a building is soon to be constructed on the present site of the Downing Tennis Courts. And lately the rumor has been circulating more frequently, so in order to learn the straight and complete story we went to see Dr. Leo M. Chamberlain, vice-president of the University.

Dr. Chamberlain said that the first plans for a badly needed Chemistry and Physics building are under discussion, and that its probable location will be the present tennis courts. However, he added that a number of approvals are still needed on the new Physical Science building and that it would be a year or so at the earliest before any final approval was received.

It is inevitable, however, he told us, that sooner or later with the constantly increasing demand for new buildings that such an ideally situated location as the tennis courts will have to be used, and the tennis courts moved.

In adding to a campus one of the big problems is to keep the buildings located in a compact enough area so that students can change classes in the ten minute break between periods. While tennis courts can be three or four blocks from the main campus without too much inconvenience.

Dr. Chamberlain thinks though that physical fitness and recreation is a necessary requirement for both the students and the faculty, and that tennis is a splendid means for this play. But at the present time to his knowledge, there is no plan

under consideration as to what to do with the tennis courts and when.

We understand, however, from a reliable source, that Bill McCubbin, acting head of the Physical Education department, included in his annual report a request for a new location to be considered for the tennis courts as soon as possible.

Thus we say that if it is inevitable for the tennis courts to be moved sooner or later, and we can see good reasoning for the move, then let's start considering new locations and get the job done before next season. Money has been allotted we have been told to construct several hard surface all-weather courts, but work was held up on them this spring because of the anticipated move of the courts and the folly of spending several thousand dollars for one or two years' use.

Any money spent on the present courts except for the absolute necessary maintenance of them, would be foolish. Yet if we are ever going to play tennis on a competitive basis, we can't depend upon the weather and clay courts for the team to practice. Look at this year as just one good example.

We say, determine the new location and build at least 12 or 15 new courts with at least four of them hard surface for all weather play with bleacher set up for spectators to watch tournament and match play.

Tennis has too long been neglected by too many at the University. Now is the opportunity to make a change for the better. Let's do it now instead of dragging back in the dark for another year or two.

Rejuvenated Cat Nine Plays Vols Two Games

By Tom Diskin

The unpredictable Wildcat baseball nine will meet the tough Tennessee Vols today and Saturday. Both games, weather permitting, will be played at Legion park. Friday's game will be played at 3:30 p.m., while Saturday's contest starts at 1 p.m.

Kentucky has a season's record of five wins against nine losses, and will take into the Vol series a three game winning streak. The Orangemen from Knoxville have won nine games in twelve attempts. Two weeks ago the UT Vols captured both games played against Kentucky; this week Coach Harry Lancaster will strive to return the gesture.

Cliff Barker will toss Friday for Kentucky and Wallace Jones will start his second contest Saturday; while for Tennessee, it will very likely be Walt Slater, and Jim Stewart. Slater, the football star, is leading the team in hitting with a .455.

After the Vol set, UK will travel to Richmond to end the season against the powerful Eastern team. This game is scheduled for Wednesday, May 28. Eastern has overcome the Cats in an earlier tilt, 13-4.

For the Eastern squad, DeVenzio will probably go to the mound, after his seventh victory in as many starts and Barker will be called back for the Cats. The line-ups for the Friday Wildcat-Volunteer game will probably be:

UK: Rollins, CF; Tabb LF; Beard, 2B; Barker P; Stough SS; Thomas C; Smith RF; Al Cummins 3B; Laudeman 1B.

UT: Haws 2B; Strong SS; Byrd 1B; Rose C; Drost 3B; Littleford CF; Acuff LF; Richardson RF; and Slater P.

The rejuvenated pitching staff of the Wildcat baseball team allowed only two runs and 11 hits in winning the last three games against Vanderbilt (two) and Georgetown College.

Perhaps this may be attributed to the fact that the defense behind the moundmen have committed only two errors in the last three games and 25 innings of play.

Last Saturday, Kentucky's improved nine reached the high spot of the season when they trounced the Vanderbilt Commodores twice, 8-0 and 5-0, behind excellent pitching of Cliff Barker and Wally Jones. These two hurlers allowed the Tennesseans only nine hits in the twin-bill and not a run. Barker, who seems to be improving with each game, gave up only 3 hits in the initial fracas and Jones allowed six hits while striking out seven Vandy swingers, Tabb, Stough, Rollins and Barker continued their good hitting.

Tuesday, the Cat crew whipped Georgetown College for the second time this season, 6-2, in a game played at the Tigers' home park. Hatchett and Yankee were on the hill for Lancaster and gave up only two run-outs to the feeble Tigers in giving the Wildcats their third straight triumph. Hatchett won his second game of the season, both against Georgetown, against one loss—that being to UC's Bearcats.

Score by Innings:

First Game
Vanderbilt 000 000 000 0 3 0
Kentucky 101 032 10X 8 17 0
Winning Pitcher Barker (K)
Loser Stephens (V)

Second Game
Vanderbilt 000 000 000 0 6 2
Kentucky 002 201 X 5 5 1
Winner Jones (K)
Loser Harper (V)

Kentucky 003 030 000 6 7 1
Georgetown 110 000 000 2 2 4
Winner Hatchett (K)
Loser Bridges (G)

Lancaster Cuts Baseball Squad

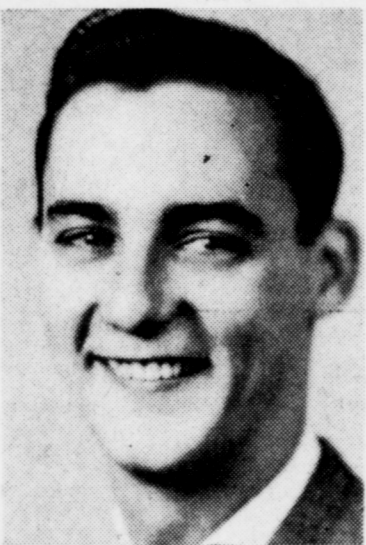

Coach Harry Lancaster sliced his baseball squad to 16 men last Monday. Clipped from the team were, among others, Phil Cutchin, Dick Ramsey, Glen Daniels, and pitchers Wild, Hendrix and Crenshaw. Chambers is no longer on the squad, as he has joined an independent team.

The team is now composed of five pitchers, two catchers, four outfielders and five infielders. The pitchers are Barker, Jones, Affen, Hatchett, and Yankee. Catchers are Thomas and Buttermann. Rollins, Tabb, Smith, and Cummins (Jays) are the fly-phasers, while Beard, Stough, A. Cummins, Laudeman and Yesin form the infield.

K-Club Feast

The K-Club is having its annual picnic tomorrow at Beonsboro beach, Wash. Serini, publicity manager, announced. Members of the club, which includes only lettermen and their dates will be feasted on chicken, Serini added, as they take time off from their work and loaf in the sun.

COLONEL Of The Week

This week's Colonel of the week is John Lewis (Jack) McNeal, Commerce senior, from Ashland, Kentucky.

Jack is the past president, vice-president, and social chairman of Delta Tau Delta, social fraternity.

He is a member of Lamp and Cross, YMCA, Keys, the Interfraternity council, and has been recently selected as the most valuable member of Delta Tau Delta for this year.

Softball Elimination Tourney Starts Monday With 18 Teams

The elimination tournament in intramural softball will begin Monday afternoon with the top six teams from each of the three divisions entered.

Teams have been seeded and drawings made, and complete listings will be posted on the intramural bulletin board today. All intramural managers should check for days when their team plays.

Bill McCubbin, intramural director, stated that because of the excessive number of games that have been rained out, he believed the fairest thing to do was to take 18 teams into the elimination tourney instead of the originally planned nine.

However, one loss or a forfeit will still eliminate a team, and only one winner and one runner-up trophy will be awarded. Thus the grind for the team that goes all the way will be considerably tougher than it would have been with only nine teams.

Most of the play will be on the intramural field, beside Alumni gym. However, intramural managers are again warned to check the bulletin board carefully as some games may be scheduled on the U-High lot.

"Got something in your eye?"
"Now, just trying to see through my thumb."

"Every man is a volume if you know how to read him."—Margaret Fuller.

Rain Gives Tennis, Golf Tight Squeeze

Rain has consistently hampered intramural tennis and golf, and seriously slowed up play in the two tourneys.

Every effort is being made to keep the courts in shape as much as possible for the contests, and contestants are urged to play their tilts just as soon as they can in order that the tournaments can be completed before the end of the quarter.

Expediency in contacting new opponents and making arrangements to play games as quickly as possible and turning results in to the intramural office as soon as the games are finished will help advance the tournaments.

SX's And SAE's Look Like Sure Bets In Intramural Track Finals Today

Qualifying 12 entries each Tuesday afternoon in the preliminary run of the Spring Intramural Track Meet, the Sigma Chi and the SAE's now loom as the two teams to beat this afternoon when the finals are held on the Stoll field oval at 4:15.

In the meet the two fraternities took all ten first places. The SAE's bid for top honors will be rather equally divided between four or five men, while the SX's main hopes will be riding on fleet-footed Bill Chambers who qualified in six events.

Winning in the 60 and 100 yard dashes, the 70 yard low hurdles, the broad jump, and running as the number four man of the frat's victorious 440 and 880 yard relay teams, the blond headed footballer was busier than the three-legged dog called Tripped that ran in nearly every race.

Chambers' time of 6.2 for the 60 yard dash was the best time recorded in the trials, as was his 10.4 for the 100 and his 8.5 for the 70 yard low hurdles. However, in the broad jump, he finished third to SAE's M. Mayes and Delt's L. Brewster.

The SX's clipped off a better time in winning the second heat in the 440 relay than did the Deltas and

Phi Sigs who finished ahead of the SAE's in the first heat. The relay team claimed first place in the 880, while S. Branch tossed the discus 115 feet to give them lead spot in that event.

M. Moore qualified in three events to head the SAE finalist. His 43 feet eight inches put of the shot was tops in that event, and he was just 13 feet behind Branch in the discus throw. Along with H. Hammet and Buddy Parker, he was among the top five in the high jump as the SAE's took three of five positions in this event.

Other events in which the SAE's will probably finish strong are the broad jump which Mayes' 20 feet 6 inches tops, and the 220 yard dash lead by Lee Truman and D. Womack. Parker turned in the second best time in the 70 yard hurdles just five-tenths of a second behind Chambers' 8.5.

The Deltas qualified six entries for the finals, while the PKT's got five places, the ATO's four, the PSK's and the PDT's three, the SN's two, and the Sig Eps and Independents one each.

Events to be run this afternoon and the contestants, their frats, and

qualifying times are:
60 yard dash—L. Truman, SAE, 6.6; D. Phillips, SX, 7.0; B. Chambers, SX, 6.2; F. Bunch, SN, 6.5; and S. Gouddever, Ind., 6.6
100 yard dash—B. Branch, SX, 10.8; F. Bunch, SN, 10.5; D. Beam, DTD, 10.5; J. Kennard, PSK, 10.9; H. Boaz, PSK, 11.8; and B. Chambers, SX, 10.4.
200 yard dash—1st heat, D. Womack, SAE, 25; A. Liebson, PKT, and D. Beam, DTD, 2nd heat, L. Truman, SAE, 24.5; J. Richards, PDT, G. Stuart, ATO.
440 yard relay—1st heat, DTD and PSK, tie, SAE, third, 2nd heat, SX, and SPE.
880 yard relay—SX, DTD, ATO.
70 yard low hurdles—G. Stuart, ATO, 10.0; Roy Hall, PKT, 9.9; B. Chambers, SX, 8.5; and B. Parker, SAE, 9.0.

Broad jump—M. Mayes, SAE, 20' 6"; L. Brewster, DTD, 19' 11"; B. Chambers, SX, 19' 8"; G. Dummit, PDT, 19' 5"; and B. Overholtz, DTD, 18' 9 1/2".
High jump—D. Lipsey, PKT; J. Mikovitch, ATO; H. Moore, SAE; H. Hammet, SAE; and B. Parker, SAE.
12 pound shot put—H. Moore, SAE, 43' 8"; R. Hall, PKT, 42' 2"; T. Moseley, SX, 41' 9 1/2"; J. Kuhling, PKT, 41' 2"; and M. Mayes, SAE, 41' 2".
Discus throw—B. Branch, SX, 115'; H. Moore, SAE, 102'; J. Jordan, SX, 98' 9"; T. Moseley, SX, 87' 6"; and F. Gilliam, PDT, 86'.
